TONOPAH DAILY BONANZA

VIGILANTES BATTLE WITH OIL FIELD WORKERS

Charles M. Schwab, Capitalist Believes in Greater Tonopah SAYS DISTRICT WILL BECOME GREATEST OF ALL MINERAL CENTERS

CHILDREN DIE WHEN SCHOOL HOUSE BURNED

Teacher Proves Herself a Heroine When She Saves 40 and Finally Perishes

Tonopah is the greatest silver-gold mining camp in America, if not the world, and the Tonopah Extension mine is without doubt the greatest silver-gold mine in the United States," remarked Charles M. Schwab, iron and steel magnate of Pittsburgh this afternoon, following an inspection of the property in question which he is the heaviest shareholder.

As guests of Tonopah today, Mr. Schwab, accompanied by Dr. M. L. Ward, and also their wives, these two captains of industry were welcomed by the blowing of whistles as the train which was attached their special car, "Loretta," drew into the depot. They came direct from New York and upon leaving here tomorrow morning will go straight to San Francisco, where Mr. Schwab has some pressing business engagements.

"It has been 12 years since I last visited Tonopah," continued Mr. Schwab, "and I never dreamed that one could see the vast amount of development such as has taken place on the Tonopah Extension mine since that date. While I am not a mining man myself, I would have little difficulty in coming to a realization that there has been developed through John G. Kirchen what justly is known as the richest mine in the United States. I want to state that the people of Tonopah would take more interest in the Tonopah Extension mine than in the Tonopah mine itself."

In honor of Mrs. Schwab and Mrs. Ward, a luncheon was served at noon by Mrs. J. G. Kirchen, which was attended by the following: Mrs. Ward, Mrs. Schwab, Miss May Corson, Mrs. Hazel Perry and Mrs. Ed Kirchen.

The visitors, will leave on the morning train for San Francisco going from there to Los Angeles then to Joplin, Mo., and then back to Pittsburgh.

PRINCE ANDREW MAY BE TRIED DISOBEDIENCE

Was Arrested at Athens Late in October and Taken to Athens for Safety

LONDON Nov. 29.—Whether Prince Andrew of Greece will have to stand trial on charges of disobeying orders of the Greek day before his general staff in the Asia Minor campaign is still unanswered tomorrow. All public offices question here. The prince was arrested at Corfu late in October and rested at Athens until his trial was taken to Athens.

I have not yet had an opportunity to visit what I may term a city and not a mining camp. I am convinced that you have the richest mineral region in the country, and I believe that Tonopah is destined for a long period of prosperity. What you need is community spirit. During my connection with the steel and iron industry I never believed in fighting my opponents. On the other hand I want to see my neighbor make a success of his undertaking and there is not one iota of jealousy in my makeup along that line."

Following the visit of Mr. Schwab and Dr. Ward to the various workings of the Tonopah Extension mine where they were shown everything of interest from the collar of the Victor shaft to the 20,000-foot point and where they saw the monster pumps in operation and the great reserves of ore in evidence, and the milling plant grinding steadily away in reducing this ore into bullion, they were escorted to the Victor boarding

CHILDREN DIE WHEN SCHOOL HOUSE BURNED

Teacher Proves Herself a Heroine When She Saves 40 and Finally Perishes

COVINGTON, Ga., Nov. 29.—Two dead and 38 injured was the toll in the burning of the High Point community school house yesterday when the structure in which the children engaged in their studies, was burned. Mrs. Oscar Grant, the teacher, heroically stood by the window and drove 41 children to the ground. In the floor of her room gave way and she was engulfed in the flames. She was unable to save two boys who were lost in the smoke.

The school house was a two-story frame building, a prospectus forming part of it. Authorities say the building had been condemned as a fire trap more than a year ago, and funds had been provided for a new fire-proof building. The erection of the new school house was delayed because of dissension between the residents as to the location.

This afternoon Mr. Schwab, in company with Mr. Kirchen, visited the high school at the request of Walter Anderson, the superintendent, where Mr. Schwab delivered a short talk to the young people upon community spirit.

This afternoon a reception is being held at the Mirpah hotel between 4 and 5 o'clock, at which Mr. Schwab and Dr. Ward and their wives are being received by the people in general.

In honor of Mrs. Schwab and Mrs. Ward, a luncheon was served at noon by Mrs. J. G. Kirchen, which was attended by the following: Mrs. Ward, Mrs. Schwab, Miss May Corson, Mrs. Hazel Perry and Mrs. Ed Kirchen.

The visitors, will leave on the morning train for San Francisco going from there to Los Angeles then to Joplin, Mo., and then back to Pittsburgh.

Early Decision Would Prove Harmful Effect of Coast Transportation

WASHINGTON, D. C., Nov. 29.—Expressions among government officials over the proposed operation of the Central Pacific and Southern Pacific back developed indications that the question may assume wider aspect than is presented in the hearing in progress before the interstate commerce commission. Some of the president's advisers were said to have been convinced that an early execution of the supreme court's merger decree would not have other than a harmful effect on transportation conditions on the Pacific coast, which is just emerging from a post strike congestion.
